

## List of Products and Services

- Design, manufacture, testing, installation and commissioning of Brackish and Sea Water **Reverse Osmosis Desalination Systems (R.O. Plant)** and **Ultra Filtration systems (U.F Plant)** – Both containerized & stainless steel skid mounted
- Repair, recondition, upgrading and redesign of all types of R.O. Systems.
- Undertake Annual Maintenance Contract for all types of R.O. Systems.
- Supply and technical backup of Reverse Osmosis Antiscalant chemicals (Disperso), & Membrane cleaning chemicals.
- Design, manufacture and supply of various types of Water Filtration / Disinfection Systems.
- Supply and technical support for various sizes of Ultra Violet (UV) disinfection systems.
- Design, manufacture and supply of various types of Water distribution sets / transfer sets.
- Supply and installation of all components & consumables for Reverse Osmosis Systems such as:
  - Multimedia Filters & Activated Carbon Filters complete with valve arrangements
  - Media for the filtrations – Various sizes Sand, Gravel, Activated Carbon media and Anthracite
  - Bag Filters & Cartridge Filters
  - High pressure & feed pumps
  - 8", 4" & 2.5" Pressure Vessels, from 1 elements to 8 elements per vessel
  - Brackish Water & Seawater Membranes – 2.5", 4" & 8" Dia.
  - Chemical Dosing Pumps
  - Flow meters, TDS PH Meters, Pressure gauges, float switches, temperature sensors etc.
- Cartridge filters - 10", 20", 30", and 40" Long & 2.5" & 4.5" dia. at various micron Rating e.g. 25, 10, 5, 1 Micron.
- Authorized distributor of MYRON-L Conductivity / pH Meters – hand held and panel mounted

**ALL R.O / FILTRATION / DISINFECTION SYSTEMS MANUFACTURED AND SUPPLIED BY WATERTEK ARE OF EXCEPTIONALLY HIGH QUALITY WITH BACK UP SUPPORT OF 25 YEARS INDUSTRY EXPERIENCES**

Containerized Seawater Reverse Osmosis Desalination System

Skid Mounted Brackish Water Reverse Osmosis Desalination System

Containerized Brackish Water Reverse Osmosis Desalination System

Containerized Filtration/ Disinfection System

Skid Mounted Filtration System
